

Series X

Delta X Powered Coaxial Monitors

Applications

- LMT for Large Installations
- Transportation Terminals
- Concourses & Amusement Parks
- Educational Installations
- Corporate AV
- House of Worship
- HoW, leisure centres and retail outlet

Products in the Series

- Delta 15X
- Delta 12X

Features

- Point-source phase coherent response
- Bi-amplified active systems for better control
- Suited for floor monitoring, FOH and side-fill applications
- Optional horizontal & vertical yokes
- Industry leading amplification for better reliability
- Cat 6 control
- Flexible mounting options via M8 inserts

Tours and artists today, demand more from the monitoring system than ever before. High SPL levels now need to be matched with linear responses, wider coverage and more flexibility. The Delta X Co-axial monitors are suited to take on every such challenge. These light-weight easy to transport systems can also be used for side / centre fills on smaller tours.

Delta 15X

15" Powered Co-axial Multipurpose Monitor

Technical Specifications

Frequency Range (-10 dB)	55Hz - 20 kHz
Frequency Response (-3 dB)	64 Hz - 20 kHz
Amplifier Power	1500W Continuous, 3000W Peak
Maximum SPL	134 dB
Coverage Pattern	80° x 80°
Controls	System Gain Knob, Preset Selection Switch, Polarity Invert Switch, Power Switch
LF Driver	15" Coaxial 2-Way High Power Driver, 3" VC - Ferrite
HF Driver	1x 3" neodymium, compression driver, spherical waveguide
Connectors	2 x Balanced XLR for Stereo / Link Cat 6 Control Cable , Power-Con Input / Link
AC Power Input	Universal power supply 100 - 240 VAC, 50 - 60 Hz

General Specifications

Enclosure	Marine Birchwood Cabinet, Premium Grade
Grill	Powder-coated durable grill with acoustically transparent foam
Finish	British Acoustics' Signature Brown Finish
Mounting System	Integrated Handles - M-10 insertion points - Pole Mounting Socket
Height	17"
Width	22.6"
Depth	15"
Weight	41.5 Kgs
